

Breeding and Puppy Development Assistant

Warrior Canine Connection – Boyds, MD

Warrior Canine Connection is a nonprofit organization with a unique and highly effective service dog training model we call Mission Based Trauma Recovery. In short, active duty Service Members and Military Veterans with combat related stress are engaged to help us train Golden Retrievers and Labradors to be service dogs. By learning to train service dogs, these Warrior Trainers are given a chance to develop practical skills such as patience, positive reinforcement, emotional regulation, and effective communication skills, while simultaneously helping to prepare the dog to assist a fellow injured Veteran in the future. Our service dogs learn up to 90 commands during a comprehensive, two-year training process. After those two years of training, the dogs are professionally matched with a disabled Veteran who has mobility impairments or psychological injuries.

As a Warrior Canine Connection Breeding and Puppy Development Specialist, the Employee will be responsible for assisting with breeding, training, socialization and well-being of WCC puppies. Employee will also provide one-on-one instruction and teach small group classes to Warrior Trainers, as well as to puppy parents, third parties, and community volunteers. The Employee is expected to work collaboratively and perform all duties and responsibilities in a timely and professional manner.

This is a full-time position with occasional weekend/evening hours.

This is a job that will truly make a difference in the world, and in the lives of the individual Veterans and Service Members we work with every day.

What the job involves:

- Assist with breeding's of program dogs.
- Assist with instruction and assist teaching small group classes for our volunteer Warrior Trainers, puppy parents, and volunteers.
- Assist with whelping's.
- Assist with overall care of broods and pups. Help maintain records accordingly.
- Assist with volunteer management and communication.
- Monitor and evaluate the puppies as they progress through training and socialization stages; enter data and complete required forms and reports in a timely manner.
- Assist with logistics of pups as they enter WCC puppy parent program.
- Assist with care of WCC breeding dogs.
- Maintain a clean, safe environment for the dogs and humans at the program site.
- Comply with or exceed Assistance Dog International minimum standards and ethics.
- Participate in staff meetings, professional development and community awareness activities.
- Participate in programs, trainings, and clinical supervision as required by WCC or the host facility rules.
- Maintain detailed records, enter data, and complete required forms and reports in a timely manner.
- Maintain and monitor supplies and equipment for the breeding and puppy department inform manger, or designated supply coordinator, when additional supplies and equipment need to be ordered.
- Communicate any emergency canine health problems directly to the Director of Dog Programs and your primary supervisor as soon as they are identified. Non-emergency issues should be communicated to your supervisor.
- Transport program dogs, as directed, to receive veterinary care and provide support for exams such as eye and cardiac checks.

Required Experience, Skills, Background:

- A clear understanding of the general care and wellbeing of expecting broods, neonates and breeders in kennel preferred
- Ability to properly interpret treatment plans and prescriptions and administer medications
- Understanding of kennel procedures and strict disease control
- Physical stamina to be on your feet bending, lifting, scooping, and hosing
